### Member of the month

#### Brendan Redmond

"I joined recreation shortly after it opened in 2015 and have been a member ever since. As a guy in my 50's I decided (with some encouragement from my GP) to get back into regular cardio and strength building work as a way to stay healthy. Upon joining Re.Creation I was introduced to Jos O'Sullivan, a member of the personal training team and never looked back. I have been training with Jos at least twice a week consistently since joining the gym and

Jos's focus on a good blend of cardio and strength and endurance training has been just what I needed. While I periodically work out myself at the gym I find the level of intensity and focus on injury-free exercises is much improved when I work with Jos.

I have been an occasional member of gyms both in Australia and abroad over the years and have never found a more relaxed, professional and family friendly environment before. My partner, Kate and our three teenage daughters are also members and enjoy the family friendly environment too.

It's been a great journey so far and my GP is delighted that my blood pressure, cholesterol and a few other things are all in great shape compared to when I started."
